

# The Grip Works

COMPLETE GRIP SOLUTIONS

## FULL EQUIPMENT LIST

### DOLLIES & TRACK

- Chapman Hybrid Mk 3
- Chapman PeeWee Mk 3 Plus
- GFM Secondo Dolly
- Panther Classic
- Panther Precision Stainless Steel Track for Dollies and Cranes
- Film Air Alloy Precision Track for Dollies and Cranes
- Panther Twister Dolly – Doorway dolly with Front, Rear or Roundy steering. Includes a crane turret mount with a Euro Boss adaptor.
- Western Dolly
- Underslung Captive Dolly – For rigging in trains, planes, automobiles – or anywhere else
- Porta Glide 32 wheel channel
- Skateboard dollies

### CRANES

- Panther Foxy Advanced Modular Crane
- Foxy Mini Crane
- GFM Multi Jib

### REMOTE HEADS

- Talon 2 axis remote head with Joystick, wheels, or pan bar control
- Ronin 2 - 3 axis gimbal

## **STEADICAM**

- Integrated Super Post for extreme High or Low angles
- Motorised and programmable camera stage
- 12/24 volt electricals
- Gyro stabilisers – Kenyon KS 6 and KS 8
- Preston MDR2 and HU3 for remote focus and iris control
- Steadicam Rickshaw
- Steadicam dolly platform – only with Hybrid dolly
- Mitchell and Scaffold hard mount

## **GRIP SUPPORT EQUIPMENT**

- Aluma Beam - Track Levelling system
- Mitchell Bazookas
- Euro Bazookas
- Various adaptors (scaff to Mitchell, Mitchell to 150 Bowl, 150 Bowl to Scaff, Scaff to Euro etc)
- Griptech® Vibration Isolators
- Magliner Carts
- Assorted Taco Carts, Ply and Dancefloor Carts
- Utility Grip Carts
- Apple Boxes - standard as well as nesting
- Oconnor 2575C Fluid Head (Moy / Mitchell) – With Cardellini Head Lock
- Oconnor Heavy-Duty Tripods – Tall, Short and HiHat (Moy / Mitchell)
- Lambda 2 axis Underslung Fluid Head (Moy / Mitchell)
- Lambda 3 axis Nodal Fluid Head (Moy / Mitchell)
- MovieTech® Low Level Friction Head
- Ladder Pod Camera Mount

- Ronford Baker 48" Slider
- Ronford Baker 72" Slider
- Ronford Baker 30" Slider
- Panther 60" Slider
- Panther 10 foot Slider
- **MEGADECK / STEEL DECK**  
8' x 4' steel frames, with 19mm marine ply tops.  
Also available as 4'x4' and 2'x4'  
Quick stage construction. Capable of supporting loads of up to 1 tonne per square metre.  
Each frame comes with 3sets of 6 square profile legs – 1ft, 2ft and 3ft.  
Each frame comes with 4 screw jack levellers.
- **ALUMA DECK**  
Aluminium deck - offering a lightweight yet strong decking system. Similar to Megadeck, but constructed of 6061 aluminium alloy. Similar to Megadeck, but constructed of 6061 aluminium alloy

## **RIGGING EQUIPMENT**

- Low Levelling heads, Bowl lock-offs, Scaff to Euro adaptors, Bowl offsets (very fast, flexible rigging setup for cameras ranging from Arri 235, 435, ArriCam LT, Panavision MilleniumXL)
- Heavy Duty 4-way levellers for very heavy camera setups such as IMAX or ARRI 765 cameras.
- 90 Degree Clamps, Swivel Clamps – Forged steel as well as pressed metal.
- Suction Scaffold Clamp fittings for Rigging of Camera and Lights on Glass, Automobiles etc.
- Uni-Body Clamps (heavy-duty starters for 48mm rigging)
- 5/8th rigging kit (multiposition clamps and tubes – 5/8th inch – matching C-stand arm diameter) perfect for low profile, lightweight rigging, such as body rigs, rigging on bicycles
- 1" rigging kit. (multipurpose clamps and tubes – 1 inch for heavier duty applications) Rigging for strength and low profile- much less intrusive than standard 48mm

- Speedrail Fittings Inch and a half (48mm) for rigging camera, frames etc.
- Screw Jack Wall Spreaders for Interior Rigging of lights, camera and backdrops
- Bungee Rig - overhead swivel rig, automount for bungie rig with quick release.
- Assortment of speedrail tube.
- Cable and Vectran flying rigs – we use high-speed low friction Harken blocks, sheaves and pulleys. We use modern materials such as Dyneema, Vectran and Technora to create ultra-strong and versatile cable rigs.

## **CAMERA VEHICLES**

- Isuzu DMAX Camera Car: Camera Car with the ability to rig cameras, vibration isolation arms, and cranes from virtually any position. Front and rear-mounted platforms along with integrated rigging positions on the vehicle bed, roof, and chassis. Air Conditioned interior with seating for 4 people and mounting points for monitors as well as camera control consoles (wheels/joystick consoles)
- Polaris RZR XP 4 1000cc - High performance 4 seater Quad with integrated rigging points for mounting cameras and vibration isolation arms anywhere as well as roof mounting for the GFM Multi Jib.

## **UNDERWATER**

- 8 complete sets of scuba gear.
- Rigging tools and expertise to rig underwater.
- Lift Bags, anchor blocks and other accessories.
- Underwater welding and construction capabilities.
- We can also work with closed-circuit surface supplied equipment for large or complicated rigging jobs.
- We have access to experts in different areas of marine work  
*We can undertake complex underwater rigging jobs and can work under very difficult conditions.*
